PRIORITY INSTRUCTION RECEIVED & STATUTORY SUSPENSION SCHEDULED — INTERIM STAKEHOLDER ATTESTATION

Verified Paid Priority Instruction Logged — Formal Section 1000(3) Suspension Scheduled for Priority Lodgment

SUBJECT CORPORATE ENTITY:

FACETY LIMITED (CRN: 07277580)

Filing Status: PRIORITY INSTRUCTION RECEIVED — STATUTORY SUSPENSION SCHEDULED FOR PRIORITY LODGMENT

THIS INTERIM STAKEHOLDER ATTESTATION CONFIRMS that the Corporate Governance & Statutory Filing Desk of Compliance Filings Desk has received a verified paid priority instruction from Clive Facey on behalf of FACETY LIMITED (CRN: 07277580). Formal statutory representations under Section 1000(3) of the Companies Act 2006 have been prepared and scheduled for priority lodgment with the Registrar of Companies (Companies House Cardiff (Crown Way, Cardiff, CF14 3UZ)) to suspend compulsory strike-off action. A post-lodgment confirmation is issued immediately upon Registrar acceptance.

STATUTORY AND OPERATIONAL CERTIFICATIONS FOR RISK & LICENSING OFFICERS:

1. Active Commercial Trading & Solvency: The subject company is carrying on active commercial operations, maintains ongoing trade contracts, customer commitments, and active employee obligations. Preservation of commercial banking accounts and merchant processing facilities is vital to prevent catastrophic business interruption.

2. Statutory Filing Cure In Progress: The compulsory strike-off notice published in the London Gazette arose solely from an administrative delay in lodging standard compliance returns (Confirmation Statement CS01 / statutory accounts). Required statutory representations and compliance returns are being prepared for priority registry rectification.

3. Prevention of Bona Vacantia Forfeiture: Under Section 1012 of the Companies Act 2006, commercial balances held with UK credit institutions automatically vest in the Crown as bona vacantia upon final dissolution. Formal statutory objection proceedings are scheduled for priority lodgment to suspend registry dissolution, preserve corporate legal personality, and protect banking assets from Crown forfeiture.

4. Credit Reference Agency (CRA) Lag Notice: UK clearing banks, acquiring banks, and risk underwriters are formally advised that commercial credit reference agencies (including Experian, Creditsafe, Equifax, and Dun & Bradstreet) systematically experience a 14 to 30-day reporting lag behind live Companies House Cardiff electronic gazette and DISS40 status updates. A historical or pending strike-off flag in external credit feeds does NOT signify that dissolution has taken place or that active status has ceased.

STATUTORY PRACTICE ATTESTATION & REGISTRATION SIGN-OFF

"We hereby certify under professional practice standards that a verified paid priority instruction has been received for the named corporate entity and that formal statutory representations to stay strike-off proceedings are prepared and scheduled for priority lodgment with the Registrar of Companies."
